

## ***Who Is Bluegrass GIS?***

Bluegrass GIS, Inc. is a leading provider of professional GIS implementation services, equipping clients with the necessary GIS technical resources to successfully analyze, design, implement, manage, and operate their GIS. We are proud to have been an ESRI Authorized Business Partner since 1997 and specialize in the implementation of ArcGIS solutions for clients. Bluegrass GIS has provided technical solutions for more than fifty (50) clients worldwide. We have the aptitude, experience, and commitment to ensure your GIS project will be successful.

David A. Riddle founded Bluegrass GIS in 1995 and has served as its President since that time. In addition to overseeing the day to day operation of Bluegrass GIS, Mr. Riddle is responsible for all aspects of GIS consulting including needs assessments, situation assessments, implementation planning, system and database design, data conversion, database quality control, system administration, database administration, training, application development, and technical support.

Prior to founding Bluegrass GIS, Mr. Riddle was Vice President of Technical Services for A.C.T. GIS, Inc. in Sedona, Arizona, a Systems Analyst for PlanGraphics, Inc. in Frankfort, Kentucky, and a Senior GIS Analyst for Innovative System Developers, Inc. in Columbia, Maryland.

Mr. Riddle's public sector experience includes serving as GIS Technical Manager for the City of Greenville, South Carolina, and as a Geoprocessing Specialist, Cartographer/Digitizer, and Cartographic Draftsman for the Kentucky Natural Resources and Environmental Protection Cabinet in Frankfort, Kentucky, where he began his GIS career in 1982 while an undergraduate Geography student at Eastern Kentucky University where he graduated in 1984 with a Bachelor of Arts in Geography and a minor in Computer Science.

Mr. Riddle began working with ESRI's original PIOS and GRID software in 1983, and has extensive experience with implementation and application development using ESRI's ArcInfo 2.x - 7.3, ArcView 1.0 - 3.3, and ArcGIS 8.0 - 9.x products.
